The Cornish Democrats Club wishes to advise of the following:

- Overdose drug deaths in 2023 decreased by 3% nationally and 16% in Maine, the largest rate of decline in the nation, with a 15% death reduction preliminarily recorded in Maine for the first seven months of 2024.

Office of Governor Janet T. Mills, Maine.gov website, July 25, 2024.

- The national decline in drug overdose deaths of 3% in 2023 is the "first decline in such deaths since 2018."

U.S. News, HealthDay, May 15, 2024, "U.S. Drug Overdose Deaths Decline for First Time in 5 Years," by Ernie Mendel, HealthDay Reporter.

- Three Americans, Paul Whelan, Evan Gershkovich and Alsu Kurmasheva, have returned home after being held illegitimately in Russia under trumped-up Soviet-style charges. Twelve other individuals, similarly detained in Russia, were also returned to their home nations under the largest prisoner exchange with Russia since the Cold War.

Washington Post, August 2, 2024, "Three Americans Freed in Large-scale Prisoner Swap with Russian are Welcomed Home," by Francis Vidal and Victoria Bisset.

- \$1 billion in delinquent taxes were collected in the last year, a milestone that the Treasury Department attributes to beefed-up enforcement resources. The I.R.S. targeted 1,600 taxpayers with more than \$1 million of income who owed more than \$250,000 in tax debt.

The New York Times, July 11, 2024, "IRS Crackdown on Delinquent Millionaires Yields \$1 Billion," by Alan Rappeport.

- Illegal migrant crossings dropped more than 40% in the three weeks following unilateral action by the Administration taken in response to blocked legislation by the Republican House earlier in the year.

The Washington Post, June 26, 2024, "Biden Border Restrictions Bring Sharp Drop in Illegal Crossings," by Nick Miroff.

- A GDP increase of 2.8%, the highest increase of business investment in two years (9%) and a 2.3% increase in consumer spending annualized accompanied softening inflation (2.6% rise in consumer prices down from 3.4%) in the second quarter of 2024.

New York Times, July 25, 2024, "US Economic Growth Accelerated, Outpacing Forecasts", by Ben Casselman.

- Violent crime dropped by more than 15.2% in the first quarter of 2024, murders fell 26.4%, reported rapes 25.7%, and property crime dropped 15.1%.

CNN, June 10, 2024, "Violent Crime is Down and the US Murder Rate is Plunging, FBI Statistics Show," by Josh Campbell and Devan Cole, citing FBI 2024 Quarterly Crime Report and Use-of-Force Data Update (June 10, 2024)

CORRECTION!

On page 3 of The Francis Small Heritage Trust newsletter in the Shopping Guide of August 21, there is a statement that is an error.

The error is in the last paragraph on page 3. In the Bald Ledge hiking trail description, the "Seasonal Access Issues" included the following statements:

"On the bend of Danforth Lane, a short distance before Varney Road, there may be a wide place of the road where one or two cars can park in the winter. If you cannot park without obstructing vehicle passage on this road, please do not leave any vehicles here."

This suggestion of parking vehicles along the side of Danforth Lane is WRONG.

Under NO circumstances should any visitors park on the side of Danforth Lane or along the side of Kennard Hill Road near there. If Varney Road is impassable in winter, then both the Varney Road parking area and the original Bald Ledge hiking trail are temporarily closed.

We apologize for this mistake.
Dan Hester, for the Board of the Francis Small Heritage Trust.

OBITUARY

Alex Hart Lane

February 25, 1977 - August 19, 2024

CORNISH, ME - Alex Hart Lane, 47, left this world for the next on August 19th, 2024 at 5:37pm. He was at Maine Medical surrounded by loved ones and serenaded by his favorite band, Pearl Jam.

He was born February 25, 1977 to Sheila Hart, and at the age of 5 he was adopted by Kathy and Rodney Lane after Sheila's passing. His sister, Alicia, entered his family a year later. As an adult, he met, and eventually married Amy Smith and his family quickly grew by two step-sons, Nick and Justin; and his daughter, Isabella.

Alex was a storyteller, comedian, music fanatic, car lover, and one helluva dancing machine. He was kind-hearted, quick-witted, hardworking and full of mischief and charisma. His laugh, and the laughter he brought to others, was a blessing we'll all miss.

There won't be a stuffy funeral (Alex would've hated that!), but a celebration of life will be held at a later date. In lieu of flowers, we'd love to honor his memory by helping support his daughter, Bella, as she begins her first year of college in September. There's nothing he'd appreciate more than knowing she'll have one less thing to worry about as she starts this next journey. To donate, please go to: <https://everloved.com/life-of/alex-hart-lane/donate/>

If you happen to have any pictures, videos, or possessions of Alex's, please don't hesitate to get in touch with his family; we were left with very few tangible things to remember him by.

Meet you on the other side, Alex.

Dear Undecided, Moderate, and Independent Voters;

Our problem at the Border is real. Mass Deportation - the rounding up of children and their parents, as if they were cattle, would be a cruel and unusual punishment for those who illegally cross our border. The answer to our border problem is the BI-PARTISAN BILL that was going to pass until the former president made the phone call that killed it. Donald Trump does not want someone else, with humane values to solve the problem. He is the GREAT DIVIDER. Vote for the GREAT UNITERS - KAMALA HARRIS & TIM WALZ! Harris has proven to be a tough prosecutor and a compassionate soul all in one!

**Randi continues her search for a living kidney donor...
Please consider a Gift of Life.**

Dear Friends,

Some of you may know that I have kidney disease. Over time, my kidney disease has gotten worse, causing my kidneys not to work well enough to keep me alive. My treatment options at this time are limited to dialysis or a kidney transplant. I have been on dialysis for some time now, 3 days a week for 4 hours each day, which is helping my kidneys do their job of removing wastes, toxins, and extra fluids. But the longer you are on dialysis the more your health deteriorates.

However, a living donor kidney transplant would offer me much more freedom and the ability to live a longer, healthier, and more meaningful life. A transplant would also give me more time to do the things I love most, such as spending time with my family and friends, my partner Nick, my pets, helping others, and being outdoors.

Finding a kidney is not easy. People who are on a wait list for a kidney from a deceased donor often have to wait 5-10 years and the kidney lasts on average lasts 15-20 years. But the average wait list for a living kidney donor is much shorter, sometimes even months, and the kidney typically lasts 20-30 years. It also has much better function.

In order to donate, living kidney donors get a careful and thorough evaluation with their own team of health professionals to see if you could be a match for me and to ensure that living donation is as safe as possible for you.

In order to express your interest in becoming my kidney donor, you can fill out the form at this link: mmc.donorscreen.org/register/now. Upon submission, the Maine Transplant Program will be in touch with you. To learn more about kidney donation, you can go to the National Kidney Foundation's website: www.kidney.org/livingdonation. There are other informative websites as well.

Thank you for taking the time to read my story. A major way you can help me is to share it with your friends and family. A second option is to share it on social media.

With much appreciation,
Randi Gelfman
