## OBITUARIES

### OBITUARY

## Adrian Durgin

FRYEBURG - Adrian Durgin, 100, of Fryeburg, ME passed away on November 13, 2024. He was born on September 16, 1924 in Porter, ME to the late Gerald and Dorothy (Banks) Durgin.

Adrian was a graduate of Porter High School, class of 1942 and just celebrated his 82<sup>nd</sup> class reunion. It was in school where he met his childhood sweetheart, Vesta Merrifield, who he would later marry and celebrate 73 years of marriage before her passing in 2017.

Adrian enlisted in the Air Force and proudly served in WW II as a member of the 43<sup>rd</sup> Fighter Squadron.

After his service in the military, Adrian moved to CT and raised two daughters, Adrienne Morin (Arthur) and Evelyn Bonesteel (James) while working as an engineer for Pratt & Whitney. His knowledge and skills were essential in creating and developing aircraft engines and their parts, most notably a piece of a JT9D engine named the 'Durgin Valve'.

After retiring, he returned to Maine and happily spent his twilight years with Joanne Thurston who helped him continue to leave his mark on the world. The two of them, along with members of the American Legion West Day Post 123, designed and constructed the WW II Veterans Memorial in the center of Porter - a great honor for Adrian and other members of the Greatest Generation.

In May of 2021, Adrian was presented with the Boston Post Cane, a recognition for the oldest resident in town.

This past September, Adrian's family, including daughter, sons-in-law, grandchildren, great grandchildren, nieces, nephews, and friends, gathered to celebrate his 100<sup>th</sup> birthday and his legacy as the patriarch of the family.

Adrian's skill to fix, build, or repair anything, his quick wit and humor, and his big smile and warm laugh will be missed by all who knew and loved him. A celebration of a life well lived will be planned in the spring.

In lieu of flowers, a donation to the:  
 American Legion Post 123  
 c/o Roger Berube  
 10 Day Road  
 Porter, ME 04068

can be made to continue the care and upkeep of Porter's Veterans Memorial Park.

### OBITUARY

## Gail Elaine Edgecomb

03/14/55 - 11/29/24

**Your Love Meant the World**

*Nobody else loved us so much,  
 or made us feel so right  
 No one's eyes shined so bright with love  
 And now she is high above.*

WEST BALDWIN - Gail Elaine Edgecomb, 69, passed away peacefully from lung cancer on November 29, 2024, at Maine Medical Center surrounded by her sons, Noel and Shawn and husband, Neil. Gail survived and beat two separate forms of cancer, and was fighting her third round of lung cancer.

She was born on March 14, 1955, in Biddeford, Maine. Gail graduated from Thornton Academy High School in 1973 and worked as a behavioral/mental health counselor for over 20 years.

Gail was the heart of our home and family. She raised two children, Noel (44), Shawn (43), in a happy and loving home. Gail was married for 40 years to her husband, Neil.

Gail supported her sons, Noel and Shawn every step of the way. In life, sports, and their civilian/military careers.

A Memere to Logan (16) and Tyler (11), she was the "fun Memere," showering them with love and strength. Memere enjoyed watching their football, lacrosse and baseball games, and always cheered them on with positivity and encouragement.

Gail's greatest joys came from spending time with her family and hosting holiday get-togethers. Her homemade banana breads, pumpkin muffins, and blueberry muffins were legendary. And bringing the family together during the holidays is what she enjoyed most.

She enjoyed cribbage and board games with her husband, Neil. She enjoyed playing Trouble, Jenga and War with her grandson, Tyler. And her long talks with Logan, who shared a special place in her heart. She also enjoyed shopping trips to North Conway. And picking blueberries at her home with Neil and her grandchildren too.

But nothing made her happier than sleigh rides and spending Christmas with her family. She was a true Memere and always put her family first. She always had an open-door policy just like on Thornton Ave. Gail enjoyed the beauty and peacefulness of their home in West Baldwin.

Gail is survived by her brothers, Michael and John Goulet; her sisters, Jennifer, and Liz; and her nieces, Michelle, Leah, Jessica, Christina; nephews, Robert, Andrew, Matthew, and Daniel; many cousins, and many loving family and friends who supported her along the way.

She was preceded in death by her brothers, Roland, and Dickie; sisters, Kim and Fran; and both her parents, Roland and Pauline (Dutremble) Goulet.

Our family is grateful for the Maine Medical Care Team. Gail had many doctors, nurses, respiratory therapist, and CNA's during her stay. The Palliative Medicine Team and Oncology Team all made a difference in her life.

Thank you, Doctor Jessica Bian and Doctor Syed M. Quadri's team. Thank you from the bottom of our hearts.

A celebration of Gail's life will be held on Saturday, December 14 at Poitras, Neal & York Funeral Home, 71 Maple St., Cornish, from 1 to 4 p.m. Online condolence messages can be submitted at [mainefuneral.com](http://mainefuneral.com)

In lieu of flowers, donations may be made to the Great Strides Cystic Fibrosis Foundation, a cause close to Gail's heart, and help find a cure for her grandson, Tyler.

### ARE YOU WEARING A TRUE PROSTHETIC OR ARE YOU WEARING A TRADITIONAL DENTURE?

- As a denture wearer have you developed deep puppet lines/jowls that make you look older than your years?
- Have you found that you are sometimes hesitating before you smile because there is something about your teeth that just doesn't look right?
- Are you choosing foods to eat based on the lack of stability of your current dentures?
- Do restrictions of the fit of your denture cause you to think twice before engaging in kissing or laughing?
- Is the fact that you have experienced breakage of teeth or of the base of your denture increasing your anxiety level?
- Are you absolutely dependent on the use of denture adhesive? If you answered YES to any of these questions you are probably wearing a traditional denture not a true prosthetic....WE CAN HELP!

**Randi's continued search for a living kidney donor...  
 Please consider a Gift of Life.**

Dear Friends & Family,

Some of you may know that I have kidney disease. Over time, my kidney disease has gotten worse, causing my kidneys not to work well enough to keep me alive. My treatment options at this time are limited to dialysis or a kidney transplant. I have been on dialysis since May 2023, 3 days a week for 4 hours each day, which is helping my kidneys do their job of removing wastes, toxins, and extra fluids. But the longer you are on dialysis the more your health deteriorates.

However, a living donor kidney transplant would offer me much more freedom and the ability to live a longer, healthier, and more meaningful life. A transplant would also give me more time to do the things I love most, such as spending time with my family and friends, my partner Nick, my pets, helping others, and being outdoors.

Finding a kidney is not easy. People who are on a wait list for a kidney from a deceased donor often have to wait 5-10 years and the kidney on average lasts 10-15 years. But the average wait list for a living kidney donor is much shorter, and the kidney typically lasts 20-30 years. It also has much better function.

In order to donate, living kidney donors get a careful and thorough evaluation with their own team of health professionals to see if you could be a match for me and to ensure that living donation is as safe as possible for you.

I would like to share with you some basic information about kidney donation.

- 1) You only need one kidney to live a long, healthy life.
- 2) The surgery for a donor is done laparoscopically, meaning through tiny incisions, and the recuperation period is fairly quick, generally only a few weeks.
- 3) The cost of an evaluation and surgery would be covered by my insurance. There are also programs like Donor Shield to help cover other expenses.
- 4) Although I am O+ blood type, you do not necessarily have to have the same blood type or tissue type to be a match.
- 5) There is no age limit to be a donor. You just have to have a healthy kidney.

In order to express your interest in becoming my kidney donor, you can fill out the form at this link: [mmc.donorscreen.org/register/now](http://mmc.donorscreen.org/register/now). Upon submission, the Maine Transplant Program will be in touch with you. To learn more about kidney donation, you can go to the National Kidney Foundation's website: [www.kidney.org/livingdonation](http://www.kidney.org/livingdonation) or call Jullie Hoggan, kidney transplant navigator, at Square Knot Health: 617/468/1382. There are also many other websites that can help you learn about kidney disease and donation.

Thank you for taking the time to read my story. Major ways you can help me is to share it with your friends and family and on social media.

With much appreciation,

**Randi Gelfman**

**Please Help Damon on his ALS Journey**

My name is Damon Schlehuber I am 45 years old, a lifelong resident of Standish and a 1998 graduate of Bonny Eagle High School. On May 1, 2024, my life took a turn that I would never expect to happen to me or anyone else. I found out I have ALS. When they told me I had this diagnosis I was not familiar with what ALS entails. I quickly learned what it entails when the doctor said you need to get your life and finances in order and your life expectancy is 2-5 years. That was the most terrifying news I have ever heard. Since hearing this I have progressively gotten worse, it started with my right leg then went up to my right arm in just a few months I have gone from being a successful plumber to barely being able to brush my teeth. Our family has had to learn new ways to live. We have had to learn to live with a diagnosis that every day has taken part of us away. I lost the ability to drive, tie my shoes, dress myself, bathe myself, and require full-time care. It feels that some days just getting out of bed and facing the day is hard because you feel as though you have no self-worth or you're a burden to others.

Life does not seem fair and my quality of life is hard without the items I need for my care. My wife resigned from her job to be a full-time caregiver for me. Paying household bills has become a hardship and adding the overwhelming financial burden this disease causes is impossible without help. Since my diagnosis I have sold many of the items I have worked my whole life for to have to pay for a ramp, care, a lift chair, and several items I may need to live life in my home as normal as possible, whatever that may mean.

It is embarrassing to ask for help but my wife, who is a therapist, stated we can't navigate this disease alone. She won't be able to do everything without a caregiver and I won't be able to live any sort of quality of life without the items I need to live for now. Any donation that you are willing to give helps with my care. *I truly appreciate all your help. Thank you!*
